

CRDSP Conference Call
9/3/2009 9 a.m. PDT

Attendees

Kirk Halford, WO 240
Chris Cook, BLM NV
Karyn DeDuFour, NV SHPO
Glenda King ID SHPO
Monica Weimer, CO BLM
David Sisson, ID BLM
Eric Allison, CA OHP
Becki Lasell WO 240 / D.C.
Scott Goodman, OR BLM
Eric Ingbar, Gnomon, Inc.
Ashley Blythe, MT BLM
Dan Martin, WO 240 / Denver
Barb Kett, WO 240 / Denver
Kristen Jensen, UT SHPO

Called to order at 9:05 a.m.

Ashley Blythe – MT

Reintroduced to the group. Formerly worked with Rick Karl at AZSITE.

Peter Ainsworth (UT BLM)

Sadly, Peter died of cancer a few weeks ago.

ACHP Award

Kirk said that the award was given to the partnership as a whole. BLM accepted the award for all. The award is great – it recognizes the efforts of all over the past decade. There is a California news byte article about the award, there is a press release too, and Kirk will put the link on the CRDSP web pages.

Dan asked that we get a copy of whatever certificate accompanied the award and that the image of it be put on our web site.

Ed Robersen attended from the BLM Director's office.

CRDSP Funding (FY 2009)

By now, all the states should have received their funding through the AWP (Annual Work Plan). Kirk is tracking on Arizona, where there is an understandable delay. Oregon has an issue with preventing funds from being disbursed to wrong accounts.

This year's PT (unknown where it is right now...) is not yet out. Becki checked the proposed funding allocations. It is a bit unclear what exact numbers are funded right now, but the expectation is the amounts will not change.

CA, CO, NV, OR, UT, WY got additional \$5k in 2010 (as announced at the CRDSP annual meeting).

Goals and Applications

Skipped for now unless time allows us to return to it.

Preservation Board, June, 2009

Kirk attended by telephone. The Preservation Board approved continued funding.

Because of the award, this is probably a good time to prepare the briefing paper for State Directors and State Management Teams.

The Board discussed permit stipulations, but there was no decision made about rolling out similar stipulations in the other states.

AWP changes – unlikely.

NPS – FGDC Metadata

Kirk spoke with Deidre McCarthy. No new information. NPS is still figuring out the configuration of the work group. While there were many SHPOs who volunteered, so they will end up trimming some of the state participants. Probably will take one or two western SHPOs. The real need is for more federal agencies involvement.

Annual Meeting – 2010

Tue. 2/23/2010 and Wed. 2/25/2010 dates look good for most folks on this call.

Eric A. will work on getting the state rate quotes for 2/22, 2/23, 2/24 and perhaps some for 2/25? He will also get the facility to break out room vs. food.

Tentatively, we are considering the San Francisco Presidio as the tour (Thursday 2/25). Eric, Kirk, Eric A. will work on this. Becki will send the information on the tour given at the Preservation Board meeting. She also said the tour was fantastic.

Other

Dan Martin pointed out that around 8 years ago, Richard Brooke had a paper called “Cultural Resources In Danger” that compared funding for cultural resources. Dan has a copy if anyone would like one.

Next Meeting (Telecon)

1/7/2010 9 a.m. Pacific Time

Adjourned at: 9:57
